**HELPING PEOPLE WORK TOGETHER TO GROW
HEALTHY FOOD AND LIVE SUSTAINABLY**

June 2016

Dear Crops Supporter,

Celebrate and support local food by sponsoring this year's Feast on the Farm!

Community Crops is pleased to announce our annual dinner and auction to benefit our garden, youth, and farm programs. On August 27th, we will hold our **Feast on the Farm** benefit event at our beautiful incubator farm, Prairie Pines, just east of Lincoln. We would love to have you involved in this celebration of food and community.

Community Crops is a non-profit that empowers people to grow food through education, experiences and resources. We offer a variety of services to the Lincoln community, including youth programming, gardening and cooking classes, community gardens, and a beginning farmers training program. We are creating a resilient system where people can support themselves, work together to feed our community, and conserve precious resources for future generations.

These programs are only sustainable through generous supporters like you. Your sponsorship of Feast on the Farm significantly enrich more lives in Lincoln.

With over 200 attendees and growing, Feast on the Farm brings community members, chefs, and farmers together in a one-of-a-kind event. Local chefs will create and serve amazing dishes created with locally sourced food, including food grown at Prairie Pines. The evening's festivities will focus on the beauty of nature, community, food, and culture.

Please join us in supporting this great cause, while also learning about the food grown where we live by becoming a Feast on the Farm sponsor. This will provide promotion for you at the event, as detailed in the sponsorship form.

On behalf of the 1,000 community gardeners, 100 youth participants, and 30 farmers, we would like to thank you for your support and generosity. We look forward to working with you!

Sincerely,

Ingrid Kirst- Community Crops Executive Director
